

Eastside College Preparatory School prepares first generation college-bound students, students who demonstrate financial need, and students underrepresented in higher education to attend and succeed in four-year colleges.

To that end Eastside School has been designed and structured to create a learning environment that challenges its students, yet supports their specific needs. We believe in

- providing a rigorous, college preparatory curriculum taught by committed, experienced teachers who set high expectations in the classroom;
- ensuring every student adequate and personalized attention and opportunity by limiting class sizes, communicating regularly with students and students' families;
- giving students time and academic support to review and clarify each day's lesson by having an extended school day including tutorial periods;
- providing additional support and experience through summer enrichment programs; and
- creating a culture of learning, respect, and involvement in their school and surrounding community.

We are seeking applicants who are motivated to prepare for and attend a four-year college or university. With this in mind, please complete the attached form. Please note that applications and teacher recommendations are due no later than **Friday, December 15, 2017**.

We sincerely appreciate your cooperation and candor.
